

It May Be Time to Consider a Clinical Trial

if you, like many
have a loved one with

ALZHEIMER'S DISEASE

If you have a loved one who has been diagnosed with probable Alzheimer's Disease, or has ***Memory Problems*** that may be a sign of Alzheimer's Disease, they may be eligible to participate in a research study of an investigational drug if they are

- Between 50 and 88 years old
- In generally good health, and
- Have a reliable caregiver or family member willing to attend all trial visits
